## ABOUT ME

I am an IT student specializing in software and web development. I love building logical and user-friendly applications. My goal is to start my career in a reputed organization where I can improve my skills and contribute to the team's success.

## EDUCATION

**2025 - 2027**

Reva university

**Master of Computer Application**

**Currently pursuing** Master of Computer Application at Reva University, focusing on software development, database management, and cloud technologies. Actively improving programming skills through academic projects and practical learning.

**2022-2025**

Sankalchand patel university

**Bachelor of Computer Application**

Learned fundamentals of programming, data structures, and web development. Completed projects using Java, Python, and HTML/CSS. Achieved **8.20 CGPA** and developed strong analytical and problem-solving skills.

## EXPERIENCE

**APR- JUN (2025)**

Web Development

**Web Development**

I completed 3 months of remote work experience at Aenexz as a Web Developer Intern. I worked on real projects using HTML, CSS, JavaScript, Bootstrap, PHP, and SQL to improve website UI and database functionality. My experience at Aenexz was very good, and it helped me gain industry-level skills and confidence in professional development.
